Park Place Energy Corp. Announces the Successful Completion of Two Major Investor Conferences in Germany

Calgary, Alberta, September 18, 2007 - Park Place Energy Corp. (“Park Place” or the “Corporation”) is pleased to announce the successful completion of presentations at two major investor conferences in Germany. The first was the IAM in Düsseldorf a three day show where over 10,000 retail investors were in attendance, and the second was the stockday resources a very successful convention held at the Munich stock exchange to a crowd of analysts and institutional investors.

Mr. Stadnyk said he told the European investors that Park Place is currently focusing on high impact energy plays in the North Sea off the coast of Scotland and in northern-eastern British Columbia, Canada, near Fort St. John.

ABOUT PARK PLACE ENERGY

Park Place Energy is first and foremost an international high impact energy play corporation. Currently, its primary activity is in oil and gas exploration in the North Sea, as well as the development and production of its Canadian assets including the recently announced major gas find in British Columbia. Park Place utilizes its expertise in the oil and gas industry to enhance shareholder value and profitability by pursuing attractive opportunities in the international oil and gas industry. Using the appropriate financial resources and the latest technologies, Park Place Energy, alone or through creative joint ventures and innovative partnerships, has a strategic five-year operating plan to optimize profitability and shareholder value.
